

- 1. The first thing I noticed when I stepped out of the car was the cold air.
- 2. I had never felt this cold before, even in the winter months.
- 3. The wind was biting, and the sun was nowhere to be seen.
- 4. I looked up at the sky, hoping to see a hint of blue, but all I saw was a heavy, grey blanket.
- 5. The ground was covered in a thin layer of snow, and the trees were bare and skeletal.
- 6. I shivered as I walked towards the building, my hands numb from the cold.
- 7. The door was open, and a warm, fragrant smell greeted me, making me feel like I had entered a different world.
- 8. I took a deep breath, savoring the warmth and the scent of what I hoped was a hot drink.
- 9. The person behind the counter smiled at me, their face lit up with a genuine, friendly expression.
- 10. I nodded, feeling a bit shy, and they handed me a steaming cup of coffee.
- 11. I sat down at a small table, looking out the window at the snowy landscape.
- 12. The coffee was perfect, just what I needed to warm myself up.
- 13. I took a sip, and the warmth spread throughout my body, melting away the cold.
- 14. I looked back at the person behind the counter, who was still smiling at me.
- 15. I felt a sense of peace and comfort, knowing that I had found a small haven in a cold, harsh world.
- 16. The coffee was gone, but the warmth remained, and I felt like I had made a new friend.
- 17. I stood up, ready to leave, but the person behind the counter called out to me.
- 18. They handed me a small bag, saying it was a gift.
- 19. I looked at the bag, curious, and they explained it was a special treat.
- 20. I thanked them, feeling grateful for the kindness I had received.
- 21. I walked away, the cold air still biting, but my heart was warm.
- 22. I looked back one last time, seeing the person behind the counter waving goodbye.
- 23. I smiled, knowing I would never forget this little moment of kindness.
- 24. The snow was still falling, but I felt like I had found a ray of light in a dark, cold day.
- 25. I walked home, the warmth of the coffee still in my heart, and the memory of that small shop in my mind.

It is not possible to make a general statement about the effect of the different types of information on the different types of decisions. The effect of the information on the decision is determined by the type of information and the type of decision. For example, the effect of the information on the decision is determined by the type of information and the type of decision.

Figure 1. The effect of the concentration of the *Agrobacterium* suspension on the transformation efficiency of *Agrobacterium* strains. The *Agrobacterium* strains were grown in the medium containing 100 mg/l of tetracycline. The cells were harvested at the stationary phase and adjusted to the concentration of 1×10^8 cells/ml. The cells were then diluted to the concentrations of 1×10^7 , 1×10^6 , 1×10^5 , 1×10^4 , and 1×10^3 cells/ml. The cells were then mixed with the plant protoplasts and cocultured for 48 h. The transformation efficiency was determined by the number of transformants per 10^6 protoplasts. The results are shown in Table 1.

- I will provide the year, the neighborhood, the street, and with whom he first joined the Young Communist League. The emphasis is added because this person has since, unobtrusively, become a "very solid person" in Marxist circles.
- I will list - beginning with 1935 - approximately a dozen political activities in which he engaged from which it can be proven - significantly - that the sum and consistency of his actions were representative and premeditated; seaman's strikes, union formational activities, youth and student "groups", etc.
- I will also provide the names and approximate dates of various political activities in which his wife participated, the political significance of their meeting, the manner in which she aided him to contribute even a greater share of his time and effort than before.
- I will - within a week - produce documentary evidence that he has been arrested - under aliases - at least once and possibly twice for participation in riotous demonstrations, political meetings, etc.
- I will contribute what information I have been able to garner concerning the location of the money - not less than \$50,000.00 I am sure - paid him by the Soviet Government for his work. I have nothing definite on this, but we have - he reluctantly - discussed the money (and his need for it at this time) on several occasions, and I feel that one of two persons whom he has named is presently responsible for the guardianship of the cash.
- Perhaps my greatest contribution to the government's case would be in the role as liason between his law firm and the U. S. Attorney's office. Our friendship, his knowledge of my need to provide for my family, and their need of men to "investigate and disprove" certain allegations made by his brother-in-law (whose memory, from what I am able to establish, is dangerously weak and should not be completely trusted) has prompted him to extend, seriously, an offer of employment with his legal representatives in the "event of an early parole release." I realize that no "great secrets" will be imparted to me, but in such a capacity I will be able to prevent useless information being used by the government, as well as be able to enable the government to keep abreast of the situation as well as I am able to observe.

Two things have become obvious during the past week or so. First, there is hardly any question that a flight - specifically to Mexico City - was being planned. Only intervention by the authorities prevented the consummation of this plan. Apparently, there is some organized radical element operating in Mexico City which provides the materials of exodus for fleeing Americans, radicals, criminals, etc. The fact that Sobell was in Mexico City is by no means a coincidence. From remarks made I gather that Sobell was within a day or two of leaving that local, and only because he considered himself safe from American authorities did he linger as long as he did. He has mentioned several times that he has "conceived" and was in the process of "organizing" a very superior method of arranging flight for such people as I have mentioned above, especially those connected with the "cause".

arrangements completed for money from J.F. Do not know the
latest outcome, but understand there is one. Does not appear
likely to be prepared to try him Thursday as scheduled. They
only. States District Court reversed a conviction. Takes strong
possibility the wife to win acquit. in lower court. Refused
from conviction denied with nothing new. Told also is of the
typing, is national specific interests, and claims that it will
be as simple as he had originally thought to in the court of
pleading his "counter espionage agent" theory. Claims to be
with "go. between" - must deal direct (and "direct" is
thoroughly explained to me S.U.) and "Manny (Black) is
middle man arrangements." Can this Black be something other
than predicted to be? From Saturday R. Smith can make
get that information.

and much more. I'll tell you more in future about the "do" once in organizations. Definitely a contact from New York which seems more & more to be where they all run to hide. I will be sure send me to a man who would provide house, job, etc. He is around - fantastic enough to be true - if he is worth trouble to make first contact with S.U. No other - already.
